- Mixed feelings about the virtual events during the lock-down period (successful or not?)
- First **hybrid** event after 2 years of Covid-19

Hybrid is here to stay!

- Social event in the summer (nice relaxing gathering at Alimos)
- Target to have more social events during the year
- Sponsors welcome!

Next steps

6

- 2 hybrid conferences per year; announce **next** event several months in advance for arrangements
- Maybe a bigger venue is necessary
- In addition to the conferences, 2 social events per year
- Outsource some of the effort currently handled by the board
- Create a legal entity!
 - Non profit (exact scheme to be investigated)
 - Ability to receive sponsorships, sign contracts with suppliers and manage cashflow (also have a reserve for future events)
- Costs will rise 3x-4x!!! (venue, socials, administrative costs and outsourcing)
- We will need new sponsors, esp. permanent patrons
